

# DESIGN & BUILD DAY

University of Central Missouri

Tuesday, April 5, 2016

## 9:30 | What's Out There for You?

Explore the types of jobs, work responsibilities, and continued education opportunities available to new graduates.

~ David Pillsbury, AIBD President & Dr. Jae Change, KU

1

## 10:10 | Intelligent 3D Modeling

A Building Information Modeling (BIM) presentation showing the power of using an intelligent 3D model for design, presentation, estimating and working drawings.

~ Chantale Pitts, CadSoft

## 11:00 | Revit & SketchUp

Demonstrations on the fundamentals of each program, featuring basic "How To's" and descriptions of tools and toolbars. \*Note taking or following along is encouraged.

~ Haroon Sattar, UCM Interior Design

2

## 11:40 | Sustainable Design

Learn about the growing focus on sustainability and energy-efficient building solutions that are opening up many exciting career opportunities.

~ Alan Abrams, NCBDC, AIBD

## 12:30 | Q&A - Lunch Presentations

Opportunity for questions and answers with the speakers and company representatives, including brief presentations.

3

## 1:10 | Professional Organizations

Industry professionals describe the benefits and importance in belonging to professional organizations and share their experiences as leaders.

~ Sherri Weaver, Sherri L. Weaver Design LLC

## 2:00 | LEED & Becoming Accredited

LEED (Leadership in Energy & Environmental Design), one of the most popular green building certification programs used worldwide will be discussed, as well as a glimpse at the path to becoming LEED accredited.

~ Rachel Pierce, BRR Architecture, Inc.

4

## 2:40 | What's Your Part in Building Codes?

Learn how you can create code change proposals and participate in international code development through a discussion on cdpACCESS, a new cloud-based tool boldly transforming the way building safety codes are developed.

~ Steve Mickley, AIBD

*Welcome to the inaugural Design & Build Day at UCM. Our chapter is excited to bring you this year's program. We hope you find today's information useful to all of your design and construction endeavors. Thank you for attending.*

~ Alix Calon

*AIBD Chapter President  
HCSA Executive Board  
Volunteer Services Comm. Chair*

## SoftPlan, the #1 Choice of Design Professionals, Is Also a Powerful Teaching Tool

With 30 years of development, SoftPlan offers an industry leading solution for residential design. SoftPlan is a professional program with great educational pricing, giving students the flexibility to create complex, custom drawings with speed, accuracy and ease. SoftPlan's BIM capabilities also allow students to build 3D project models of their work.

SoftPlan meets your budget, and is used by businesses and schools everywhere in North America. In fact, students using SoftPlan won the SkillsUSA National Architectural Design Championship in two of the last three years of competition. SoftPlan's free curriculum and our Learning SoftPlan books allow both teachers and students to learn the software in a matter of a few weeks. Prepare your students with the tools they will use after graduation. Call or email to get pricing for your classroom.

## Who we are...

Wallace Architects, LLC – an architectural firm of 23 professional and support staff, is one of the largest and most active firms in the Midwest specializing in affordable housing developments. Wallace Architects, LLC has a broad experience in the design and construction of residential and multi-family developments – in new construction and the renovation/rehabilitation of existing and historic properties, throughout Missouri and multiple surrounding states.

Since its inception in January of 1998, Wallace Architects has served as the Architect of Record on over 369 senior housing and multi-family developments with over 17,015 units. Most of these projects have received financing through the federal low income housing tax credit program, bond financing, Rural Development, NSP and HUD funding (202, 221.d.4, 811, HAP), or combinations of each. Wallace Architects is presently the Architect of Record on apartment complexes in Missouri, Kansas, Oklahoma, Arkansas, Alabama, Mississippi, Louisiana, Tennessee, Kentucky, Connecticut and Georgia.

All of the facilities designed by Wallace Architects, LLC were designed to meet or exceed the standards of the International Energy Conservation Code by providing knowledgeable staff and partnering with experienced consultants. In addition, Wallace Architects, LLC has designed many NAHB Green Certified and/or Energy Star Rated facilities.

## Earn Your Certified Professional Building Designer Designation!

Meet David. He's a building designer.

David is certified by the American Institute of Building Design, or AIBD. He's passed rigorous tests and been thrown the toughest challenges. He's passed them all with flying colors.

Now he's AIBD certified. He's someone clients and employers can trust.

He's not an architect. He's so much more.

As a building designer, he not only develops the plans that make his clients' visions real, but he gets his hands dirty. He works with the RIGHT contractors. He makes sure all local codes are followed so there are no surprises and no costly "upgrades" later on.

You see, because he's a true certified professional, David knows the building trade inside and out. He's got everything covered.

To BE the best by becoming certified yourself, contact us today at **1-800-366-2423** or **[www.AIBD.org](http://www.AIBD.org)** and experience the AIBD difference.

People Helping People Build a Safer World®

# Invest in Your Future

## Join the ICC community and get connected now

If you're interested in helping build safer, greener communities, then Membership in the International Code Council® (ICC®) is for you! The ICC is an association that focuses on helping its Members provide communities with safe, sustainable, and affordable construction. As a student, your ICC membership is a building block to your future.

### Getting connected with ICC means you can:

- **Receive a Free Code Book** - \*New Members receive a free code book of up to a \$150 value!
- **Make valuable contacts** with peers and seasoned building professionals. Participate in networking, ICC Membership Councils and more.
- **Reach employers faster** - Post your resume, search job openings, and sign up for job alerts through the ICC Career Center.
- **Learn from the leaders** by participating in the Codes & Standards Discussion Forums online.
- **Save with discounts** on I-Codes, code publications, educational opportunities, technical services/plan review, Wyndham hotels, Budget car rentals and more.

### Other ICC Member Benefits include:

- Access to industry information with a subscription to **Building Safety Journal**® (ICC's online magazine) and eNews (ICC's electronic newsletter) included in Member dues.
- Privileged access to code opinions from ICC's I-Code experts.

**Get connected now!** Visit our Member page at [www.iccsafe.org/memnow](http://www.iccsafe.org/memnow) or call 1-888-ICC-SAFE (422-7233), ext. 33804 to join or learn more today!

## ***ICC Membership...Dedicated to Service***

\* Some restrictions apply. Speak with an ICC Member Services Representative for details.
